

Are you homeless in Central Louisiana?

And looking for a place
to call home?

TAKE THE VI-SPDAT!

The Vi-SPDAT is a *Vulnerability Index-Service Prioritization Decision Assistance Tool*. It's the first step to a permanent housing plan through our community's Coordinated Entry System! Some housing providers only accept persons who have completed a Vi-SPDAT!

PLEASE NOTE:

- The Coordinated Entry System is NOT an emergency solution!
- Completing the Vi-SPDAT is NOT a guarantee of housing.
- Make sure to give CES staff helpful contact information.
- Help the process by collecting any necessary documentation, proof of homelessness, diagnosis of disability, verification of income, etc.
